

## Lyon Ski School Chaperone Benefits & Responsibilities

The Chaperone Program has a long a distinguished history within Lyon Ski School. Even more than a student's instructor, their bus chaperone has the opportunity to create a positive relationship with them as a mentor and confidant. Chaperones who are chosen to work with Lyon Ski School share a passion for snow sports and a desire to impact children's lives positively. Working hand-in-hand with the instruction staff, chair riders and administration, chaperones help teach key life lessons to youth made receptive by a shared love of the mountain environment.

### COMPENSATION

- Free weekly lesson for chaperone (not transferrable)
- With a 7 week commitment, free bus transportation for 1 dependent child

Those wishing for the free transportation option must:

- (1) Be approved by the head chaperone as a "7-week" chaperone
- (2) Register their child online and pay the registration fee before seats fill.
- (3) After the last week of ski school, when the 7 week commitment has been met, the transportation fee will be refunded to the chaperone.

### DUTY TIME

Chaperones serve 1 rotation in lodge at the Lyon Ski School meeting area, each day. The duty lasts approximately 30-45 minutes (dependent upon the number of buses and chaperones). During this time, chaperones are available to children who may need help, are sick or injured. As part of duty, chaperones check ski patrol and maintain the Lyon Ski School records for student pick-up and first aid.

### RESTRICTIONS

- Chaperones must be 21 years of age or older.
- There is a strict no smoking, no drugs and alcohol policy! **Under NO circumstances may chaperones visit the bar during a day they are working for Lyon Ski School** and/or anytime while they are wearing a Lyon Ski School chaperone name badge. Even just to eat food or check games scores, the bars are strictly off limits.
- Space is limited. Chaperones are placed on buses based on seniority and a proven record of dependability. In addition, an attempt is made to have one male and one female chaperone on each bus.
