

COMMUNITY EMERGENCY RESPONSE TEAM

ARE YOU PREPARED FOR A DISASTER?

The Community Emergency Response Team (CERT) educates citizens about disaster preparedness and hazards that may impact our area. The City of Bothell prepares for emergencies every day, however, during a major disaster, the scope of the situation may overwhelm conventional emergency services.

CERT prepares citizens to be self-sustaining for the first days following a disaster, when emergency services may not be available. In the CERT course, citizens learn:

- Disaster Medical Skills
- Disaster Psychology
- Fire Safety & Suppression
- Search & Rescue Techniques
- Team Organization
- Triage Skills

Register Today at: www.bothellwa.gov/CERT
